

Learning Schools of Texas

*8038 W. Military Dr.
San Antonio, TX 78227*

March 2nd, 2018

Parents and families,

Due to under enrollment, and with deep regret, our Board of Directors for Carpe Diem Westwood voted today to end school operations at the conclusion of this school year. **We assure you that we will finish the year strong, provide our full academic program, celebrate our graduates, and will help families with this transition.** Our last day of operations will be the last day of school, June 1st, 2018.

We are incredibly proud of our students and staff for their hard work and educational achievements. We believe personalized learning is a tremendous option for many students, and school choice gives students and families a voice in their education. Unfortunately, our enrollment numbers are not high enough to support continued operation beyond this school year. **We will work with the TEA and Region 20 to ensure student records are transferred appropriately.**

We will host a transition meeting at the campus on Monday, March 5th at 7:00pm for you to ask questions and learn about additional school opportunities.

We sincerely thank you for the opportunity to serve your students and your families for the past three years. It has been our pleasure, and we sincerely regret not being able to continue to educate your students in the years to come.

Your Westwood Leadership Team,

Valerie Robertson

James Bailey

Rick Ogston
